Rhino[®]

By Pelco Products Inc.

Features & Benefits

Stainless Steel Construction

Stainless steel construction makes the Rhino button virtually weather-proof.

Durable

Impervious to salt spray and heavy use, the Rhino works extremely well in coastal and high traffic areas.

Great Value

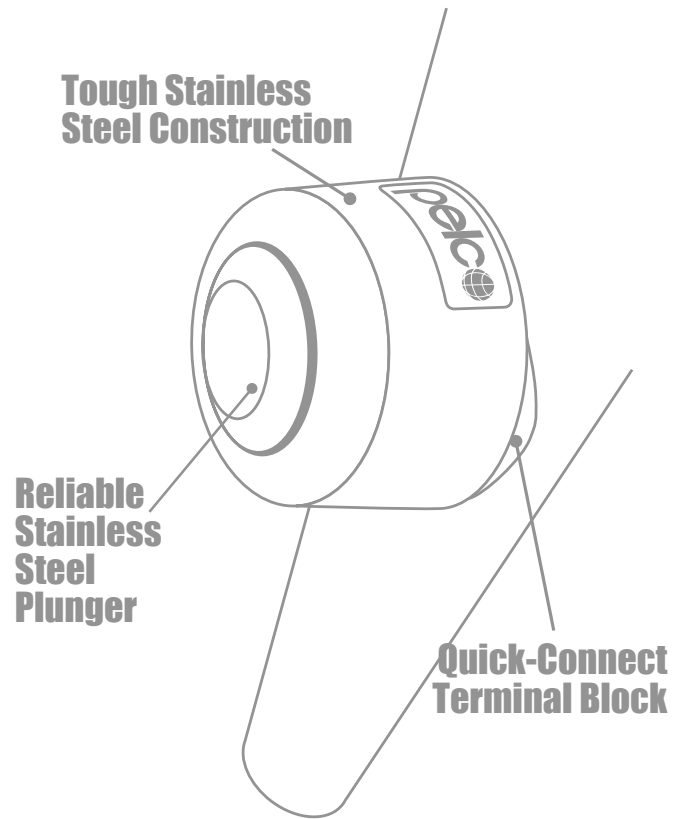

Rhino tough and built to last, this button is in a class by itself.

Sleek Design

Vandal-resistant, ergonomic cover.

Easy Install

Terminal block connection; installs in minutes.
